With reference to (i) the unaudited consolidated net asset value of the Disposal Group of approximately HK\$48 million as at 30 April 2018, (ii) the Consideration of HK\$50,000,000 and (iii) the estimated expenses incurred for the Disposal of approximately HK\$100,000, the Company is expected to recognise an unaudited profit (before tax) of approximately HK\$1.9 million (subject to adjustment and audit) from the Disposal for the year ending 31 December 2018.

PROPOSED USE OF PROCEEDS

The Company intends to use the sale proceeds from the Disposal as general working capital of the Group and for such other business opportunities, if any, to be identified by the Company.

REASONS FOR AND BENEFITS OF THE DISPOSAL

The principal business activities of the Group is sourcing and trading of American ginseng.

The principal business of the Disposal Group is providing the information technology problem solving services to the customers, which is different from the principal business of the Group. The Directors consider that the Disposal represents an opportunity for the Group to realise the assets of the Disposal Group which are uncertain in their financial contributions and prospects. It is the plan of the Group to deploy more resources and commitment in the other business opportunities, if any to be identified by the Company. As disclosed in the section headed “Financial effects of the Disposal” above, the Group is expected to recognise an unaudited profit (before tax) of approximately HK\$1,900,000 (subject to adjustment and audit) from the Disposal for the year ending 31 December 2018. The actual amount of gain or loss to be recognised would be subject to the actual amount of consolidated net asset value of the Disposal Company as at Completion, and will be reviewed by the Company’s auditors. Nevertheless, the Directors consider the Disposal will facilitate the Group to better focus and allocate its resources to other business. The Directors are of the view that the Sale and Purchase Agreement was not entered into in the ordinary and usual course of business of the Group, but the terms thereof are fair and reasonable and that the transactions contemplated thereunder are in the interests of the Company and the shareholders of the Company as a whole. The proceeds from the Disposal will enable the Group to improve its working capital condition for future opportunities that may arise.

LISTING RULES IMPLICATIONS

As one or more of the applicable percentage ratios for the Disposal, exceeds 5% but is less than 25%, the Disposal constitutes a discloseable transaction for the Company and is subject to reporting and announcement requirements under Chapter 14 of the Listing Rules.
